UNCLE SAM AND GREATER AMERICA

The Covington Extra has hauled down the Gobel ticket and dies at its last head the Democratic ticket headed by JOHN YOUNG BROWN.

Howdy BUCK, we never knew what a lot of fools the Democrats were until the Gobelites and the Brownies got to throwing mud at each other.

HERBERT said, "Half the world knows not how the other half live," but HERBERT never edited a newspaper in Maysville—else he would have found out.

BRYAN's assertion that the silver issue must be dropped because the foreign born vote are too ignorant to understand it has proven a death-knell to his hopes.

A new party called the "National Commerce Party" proposes, among other things, to limit the net earnings of railroads to 10 per cent. At nine railroads out of ten never dream to reach half that limit, the proposition is a comparatively safe one.

The Mercury has been building in course of erection at Carlisle, with more to follow. If the "Crime of '73" and MARK HANNA are not suppressed, there's no telling what this unhappy country will come to.

EASTERN promoters are at work in Chicago trying to combine American manufacturers in a United States Trust to be capitalized at \$20,000,000. There ought to be the slightest trouble in making this a go. Every man in America is in favor of squeezing the pretty girl.

Will the use of dynamite bullets be permitted in the Kentucky campaign?—Washington Post.
Can't say what sort of bullets the voters may adopt before the fight ends, but so far one of the candidates has been content to use the regulation pattern.

McLEAN, ALTHOLD and WALKER seem about all that is left of the 1910 crowd. They will feel someone since WILLIS has left them—Times.
Nay, there are others—almost two of 'em. Haven't you heard of Br'er MAMIE and Br'er DULY? The brick house hasn't fallen on them yet.

All Kansas City cable records were broken Tuesday when the receipts at the Stock Yards were 13,900 head, or 260 head more than on September 20, 1899, when the previous record was established. Here's more evidence that MARK HANNA is the worst that ever happened, that the Gold Bugs have ruined the country and that the "Crime of '73" is the monumental outrage of all the ages. Let the hand play, please.

No longer doubt the efficacy of my Tariff Law as a revenue producer. It was originally intended that it should produce at least one-half of the ordinary revenue, which averaged before war expenditures less \$1,000,000 a day, and no additions for war expenses were made to it except the ten duty, which brings less than a million dollars a month. Yet the receipts under it since March last have been \$103,000,000, or an average of about \$700,000 a day instead of the \$500,000 a day expected of it. During the same period of the existence of the lamented Wilson Law the customs receipts were \$75,000,000, or less than three-fourths of the present law in a like term.

FATHER LAYVELL, in his speech introducing President McKinley at the Catholic Summer School Grounds, Champlain, N. Y., August 15th, said:
"We know what American victory means. It is not only to oppress not to tread on the necks of the fallen. It means to lift them up, to place them upon their feet and to do all that is in our power to extend comfort, civilization, happiness and prosperity to all mankind. This war has brought under the dominion and the rectorate of the Stars and Stripes many millions of our country people, far removed from some of them, from the American continent; but we predict for them an unending life; they will make Americans as citizens as loyal, as sturdy and as true as those that are here today."

And in his speech which followed President McKinley said:
"We differ in our political and religious beliefs, but we are united for country. Loyalty to the Government is our National creed. It symbolizes our purposes, our aspirations; it represents what we believe and what we mean to maintain; and wherever it floats it is the flag of the free and the hope of the oppressed, and wherever it is assailed at any sacrifice it will be carried to a triumphant peace."
Rebellion may delay, but it cannot defeat the united nation of liberty and humanity."

THE BUYERS GUIDE.

"The Truth is Ever Believed From One Who Has Never Deceived!"

Last week this space promised you important information. Here it is on schedule time. Owing to the rapid inroads made upon American forests in the last year good timber for manufacturing purposes is becoming scarce and correspondingly high. Quarter sawed oak has advanced 50 per cent. in the last 60 days. Finished iron and steel has advanced 10 per cent. in the last 90 days. Various goods and furniture hardware, like cattle, have all an upward advance. Everything entering into the construction of furniture and machines has had a severe advance. In self protection the manufacturer has had to advance the finished product. Chairs and Bedroom Suits have advanced 20 per cent., steel wire Spring and Cots 50 per cent. Farm Wagons 12 1/2 per cent. Machines and Farm Implements 30 per cent. and Floors 10 per cent. in the last three months. On the night of the 13th day of April, after having eaten a very hearty supper composed of

Cold Ham, Pickles and Lobster Salad!

A Horrible Nightmare.

I dreamed that I visited furniture factories without number, endeavoring to buy furniture and at prices then prevailing, and I awoke with the conviction that I was compelled to advance our entire line 20 per cent. turning my attention to machines and farm implements I met the same result only worse. It was a horrible dream. I awoke and calmly thought the matter over and determined

NOT TO BE A LOBSTER.

Oh, We Kill 'Em on Furniture, Thanks to Lobster Salad.
